SOME OF THE SORCERERS WHO FLED FROM YURUGAHA HAVE SETTLED DOWN ON THE SURFACE

After the Edebo anime had been successfully brought to an end, I thought that I should return to my normal work schedule, yet the amount of color illustrations has not dwindled at all... Before, I would draw the color illustrations only around the time a new volume would come out, yet lately the amount of 'colors' that were not even edited into this volume have increased extremely. And even though it's taking me longer than before to make the 'colors,' you can't even see any improvement in the artwork! I don't even have the time to think "This won't do..." anymore. Incidentally, I've also become aware that I could say the same thing about the manga itself, too. Aahh, I'm sorry! Please just give me some time to brush up.

<> HARIMANBON
K, BACK IN VOLUME 4, SAKURA HAD HER "PORCUPINEFISH" ATTACK.
IN JAPANESE, THIS IS "HARISENBON,"
AND CAN ALSO BE TRANSLATED AS "1,000 NEEDLES."
HER NEW ATTACK IS NOT THE NAME OF A FISH OR ANYTHING,
AND JUST MEANS "10,000 NEEDLES."
IT IS A PLAY ON HER FORMER ATTACK,
IMPLYING THAT IT'S MORE POWERFUL (10,000 > 1,000).

Usual thanks to Sekihoutai, unfoo42, Druid, Tana and shinjif for any translation help!

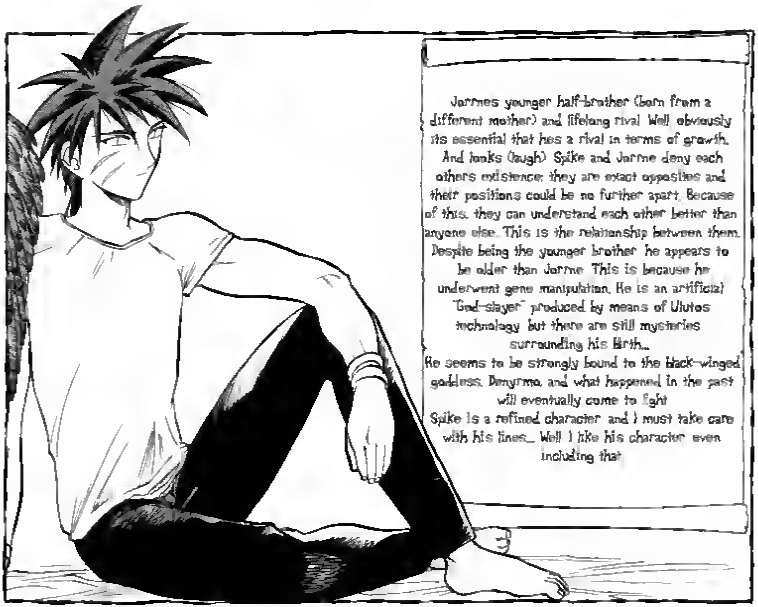
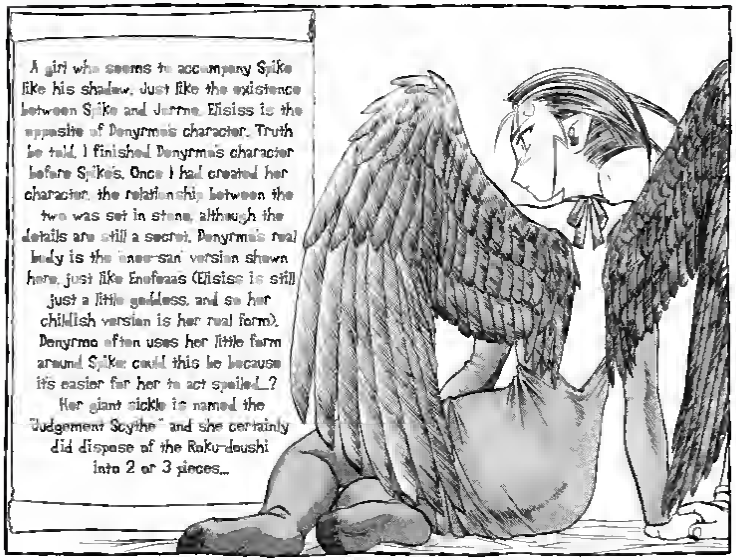
SPIKE
スパイク



Jarmes younger half-brother (born from a different mother) and lifelong rival. Well obviously its essential that hes a rival in terms of growth. And looks (laugh) Spike and Jarme deny each others existence; they are exact opposites and their positions could be no further apart. Because of this, they can understand each other better than anyone else. This is the relationship between them. Despite being the younger brother he appears to be older than Jarme. This is because he underwent gene manipulation. He is an artificial "God-slayer" produced by means of Ulutes technology but there are still mysteries surrounding his birth...
He seems to be strongly bound to the black-winged goddess, Demyrmo, and what happened in the past will eventually come to light.
Spike is a refined character and I must take care with his lines... Well I like his character even including that.

DENYRMO
デニルモ



A girl who seems to accompany Spike like his shadow. Just like the existence between Spike and Jarmo. Elisiss is the opposite of Denyrmo's character. Truth be told, I finished Denyrmo's character before Spike's. Once I had created her character, the relationship between the two was set in stone, although the details are still a secret. Denyrmo's real body is the inner-san version shown here, just like Enefeaas (Elisiss is still just a little goddess, and so her childish version is her real form). Denyrmo often uses her little form around Spike; could this be because it's easier for her to act spoiled...? Her giant sickle is named the "Judgement Scythe" and she certainly did dispose of the Raku-deushi into 2 or 3 pieces...

Chapter 43
<> Judgement Scythe
There was a joke at the end of Dear Cl**'s "confession," concerning her scythe. It doesn't really translate into English so I instead went for a literal translation and dropped Tennouin's same comment regarding his own joke. The word Tennouin used for "dispose" is the same kanji as the word for "Judgement" (sabaki).

ARUSHA (アルーシャ)
MERSHA (メルーシャ)

These little ones make their appearance in part 2. Think of them as about 5 years old. Arma and company met them around 2 years ago, somewhere in the vacuum between parts 1 & 2, and that episode will be revealed in time... Despite how they look, they are characters with a past. Arusha is the elder sister, and her actions -- whatever they may be -- precede Mersha's. Disregarding the other members, they wish to live with Wieloo because they could feel something great in the hole in Wieloo's heart (and also because Arma is kept close to Enefaee at first). Even maraya, at the beginning everyone objected to them living with Wieloo (laughs). By the way, because of the difference in Enefaee's mental structure due to her being a goddess, it was pretty much impossible for them to 'hook' her. Thanks to this, they are unable to approach 'Enefaee this way.' They'd probably get the same reaction upon meeting Elsyss, too...

AN EXTRAORDINARILY ENRICHED YEAR HAS PASSED

HOWEVER, ELISISS IS STILL LITTLE, SO ALL YOU LOLICON MEN CAN RELAX (INCLUDING ME)

JORRNE HAS THOROUGHLY GOTTEN BIGGER, AND I'VE HEARD RUMORS THAT ALL THE SHOTA-LOVING LADIES ARE DEJECTED (LAUGHS)

...WELL, THESE LITTLE ONES ARE SORT OF LIKE MASCOTS...

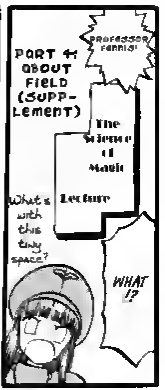
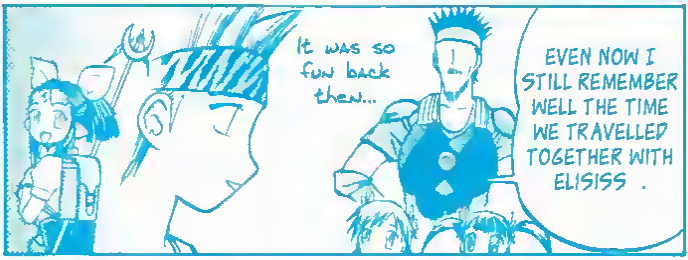
THIS IS CONCERNING THE QUESTION JOKENE ASKED IN PART 1 "DO YOU HAVE TO DO SOMETHING LIKE CHANT A SPELL WHEN USING MAGIC?"
SAYING A SPELL WOULD BE THE MOST SUITABLE METHOD TO ACCOMPLISH THIS
IT'S NOT NECESSARY FOR YOUR AVERAGE SORCERER, BUT IT IS POSSIBLE TO CONTROL FIELD (OR TO BE EXACT, A FORMED N QUARK) BY MEANS OF WORDS





It was so fun back then...
EVEN NOW I STILL REMEMBER WELL THE TIME WE TRAVELLED TOGETHER WITH ELISIS .
